Instructions:

- Print out your choice of PDF templates above.
- Tape the template to your pumpkin.
- Use a very small nail or straight pin to poke holes along the path of the design or use a fine-pointed ballpoint pen to firmly trace the design onto your pumpkin through the paper.
- Remove the template and carve along your marked lines.
- Stand back and admire your skill and hard work, grab a pic and share onto our social media. #MKLPumpkin
