

Marubeni

KOMATSU

SUMMER OFFERS 2025

Limited time offers running from 1st May until 31st July 2025.

Phone our Parts Line on **0845 601 5540** or email **parts@mkl.co.uk** to place your orders today!

10% OFF FILTER KITS

For a limited time only, our 500-hour, 1000-hour and 2000-hour filter kits are available with a 10% discount. Our kits are carefully assembled to meet the requirements of each key interval service – often including filters, seals, gaskets and belts. Quick, easy and Genuine!

Don't settle for non-genuine filters, and risk oil contamination and premature filter breakdown & disintegration.

Contact the Parts Line on 0845 601 5540 or parts@mkl.co.uk with your machine details and receive a discounted quote.

For a limited time only, we are offering a 10% discount on Filter Kits

CRUSHERS AND PULVERISERS

Static Pulveriser

Komatsu's new range of Static & Rotating Pulverisers, and Demolition Crushers offer power, performance and efficiency for multiple applications. Designed to demolish concrete walls & constructions, reducing larger matter to small particles. Used also for separating iron from concrete structures.

Our range is suitable for PW148 – PC210 and above. For more information, contact your local PSSR – **[CLICK HERE for contact details](#)**

Demolition Crusher

Rotating Pulveriser

Camso Rubber Tracks

We can offer a range of rubber tracks that offer a high-quality solution for mini & midi-sized excavators. Easy to install and relatively inexpensive when compared to road liner pads or steel undercarriage.

There is currently FREE Delivery on these tracks.

We can offer tracks for non-Komatsu machines also. Contact your Parts Department on 0845 601 5540 or parts@mkl.co.uk for a quote today.

UNDERCARRIAGE INSPECTIONS

Is your machine reaching the 4000+ hours mark? Are you already thinking about whether your undercarriage needs changing?

Why rely on guesswork when our nationwide product support sales representatives can visit & conduct a thorough undercarriage inspection – measuring key components for wear percentages which can offer critical intelligence as to how much life is left in your tracks, rollers, chains and idlers.

Contact your local PSSR today – **Click here for contact details** or use the map on the following page.
