KOMPLETE FLEX

HOW IT WORKS:

- No deposit required. Operating Lease including the full cost of the machine plus an extended warranty & service pack up to a maximum of 5 years or 10,000 hours.
- Service pack includes all filters, up to two DPF exchanges, oil, labour and travel as per Komatsu's recommended service guide.
- Sign up to our Lease Agreement and use the machine for the specified term in line with usage conditions. Return & replace for new on completion of hire period.
- Anticipated maximum hours will be agreed at the outset. The actual usage will be reviewed annually so the projected total can be adjusted as follows:
 - If the projected total hours are less than originally forecast, the monthly payments will be reduced.
 - If the projected total hours are greater than originally forecast, the monthly payments will be increased to avoid excess hour charges at the end of the hire.

YOUR BENEFITS:

- UNIQUE OFFER enabling you to enjoy the fuel saving and environmental benefits of our Hybrid excavators.
- No deposit required and low fixed monthly repayments with VAT payable monthly.
- Monthly payments can be altered following an annual review to reflect the actual forecast usage - FLEXING so you only pay for what you actually use and saving you money in the process.
- Extended warranty and servicing costs built in for peace of mind.
- Lease payments are tax deductible.
- Benefit from the use of the machines without all the hassles of ownership.
- Residual value taken means repayments are heavily discounted, often to less than the cash price of machine package.
