

KOMATSU

WA
80M

Wheel Loader **WA80M-7**

ENGINE POWER
52,0 kW / 69,7 HP @ 2.200 rpm

OPERATING WEIGHT
5.485 - 5.990 kg

BUCKET CAPACITY
0,8 - 1,25 m³

Walk-Around

The WA80M-7 brings Komatsu's industry-leading EU Stage IIIB technologies to the compact wheel loader class. With up to 10% lower fuel consumption combined with KOMTRAX™ and many improvements in operator comfort, visibility, safety and product specifications, the WA80M-7 offers a truly unbeatable customer value.

Komatsu Dash 7 compact wheel loaders: for maximum efficiency, reliability and peace of mind.

Productive and safe

- Highest payloads and tipping loads
- Superior breakout force
- Low centre of gravity
- Excellent all-round visibility
- Reversing light, back-up alarm and heated rear window

Total versatility

- Easy Fork (EF) cinematic for parallel movement during fork application
- Hydraulic quick-coupler
- LSD axles
- 100% differential lock (optional)

WA80M-7

ENGINE POWER
52,0 kW / 69,7 HP @ 2.200 rpm

OPERATING WEIGHT
5.485 - 5.990 kg

BUCKET CAPACITY
0,8 - 1,25 m³

First-class operator comfort

- Newly designed cab
- Quiet and ergonomic working environment
- Long wheel base for superior travelling comfort
- Multifunction lever
- High capacity air conditioning (optional)
- Electronic Controlled Suspension System (ECSS) (optional)

Powerful and environmentally friendly

- Low consumption EU Stage IIIB engine
- Higher rimpull for faster acceleration
- Highly efficient hydrostatic driveline
- Low operating costs
- Large 120 A alternator

Easy maintenance

- Tilting cab
- Longitudinally installed engine
- Wide opening engine hood
- Wide core radiator with (optional) reversible fan
- Quick-access service side cover

KOMTRAX

Komatsu Wireless
Monitoring System

First-Class Operator Comfort

Newly designed cabin

Just get in and get started – the new, enlarged cabin guarantees comfort and easy operation. The multi-function lever includes a forward-neutral-reverse switch for quick and easy travel. Third spool attachments can be set to continuous or proportional control to let the operator control the boom, bucket and attachment with a single lever. For an even smoother ride, a comfortable seat, a radio and an automatic inching function are available on request.

Doors with large glass surfaces, and the standard heated rear window further improve a great all-round visibility. Optimal noise insulation, easy-to-reach buttons and adjustable vents complete a comfortable work environment.

Diverse and flexible

Komatsu's compact wheel loaders are an optimal choice for a wide range of applications. On construction sites, in the recycling industry or for agricultural jobs, with the hydraulic quick-coupler and a wide range of attachments, these machines are extremely versatile. When working with Komatsu pallet forks, the operator can rely on Easy Fork (EF) cinematic to transport loads parallel to the ground without readjusting the fork tines.

A wide choice of options

On uneven grounds the optional ECSS load stabiliser reduces shocks and increases productivity and comfort. The optional 100% differential lock axles can be activated for extra traction force. Other optional equipment such as a speed restriction of 20 or 30 km/h, additional working lights or an immobiliser, are available on request.

Powerful and Environmentally Friendly

Full power for the highest performance

The powerful and fuel-efficient Komatsu SAA4D95LWE-6 engine in the WA80M-7 delivers 52,0 kW/69,7 HP and is EU Stage IIIB certified. Optimised for tough construction applications, it delivers high torque even at

low rpm. With high rimpull and enough reserves even in the most difficult ground conditions the WA80M-7 still features a low fuel consumption.

A fully automatic, hydrostatic transmission sends power to all four

wheels while the large 130 l fuel tank guarantees long and uninterrupted working hours.

High productivity

If you're looking for a small machine with huge performances, then this compact wheel loader is made for you. With its amazing lifting and dumping height and superior breakout power, it works like a bigger machine. When equipped with one of Komatsu's extremely robust and easy to fill buckets, or with pallet forks, high payloads guarantee maximum productivity.

Highest safety

For maximum operational safety, the machine's low centre of gravity enhances stability, and its compact dimensions ensure exceptional all-round visibility. Standard safety features such as the ROPS/FOPS cab, back-up alarm, reversing light and large mirrors add up to make the WA80M-7 a truly safe machine.

Easy maintenance

A reliable partner

Komatsu compact wheel loaders are known around the world for their robustness and durability. All maintenance and service is performed easily and quickly thanks to their unique tilting cab. The engine hood can be opened widely for a quick daily inspection, the electric equipment is well protected behind a maintenance cover inside the cab, and the easy-to-clean radiator is conveniently accessible. A compartment for battery, main switch and relays improves maintenance access to the electrical system.

Fast, easy and comfortable access to daily inspection points

Tiltable radiator fan for convenient cleaning access

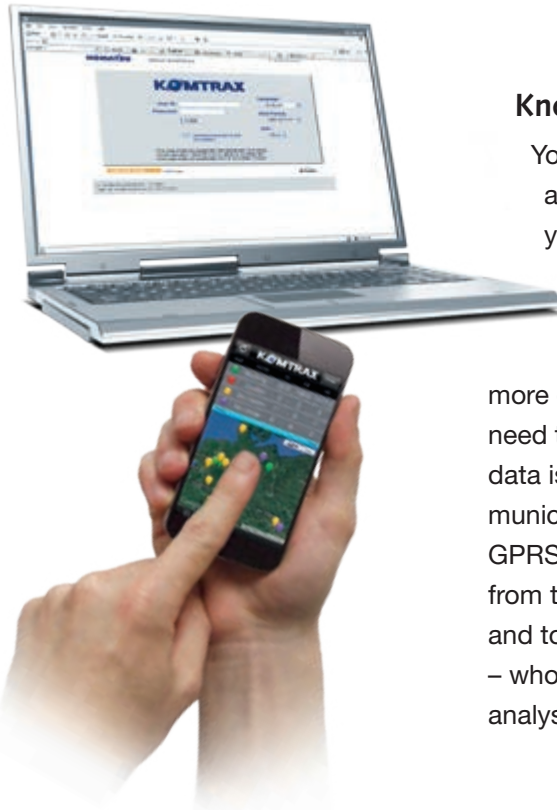

Side cover for quick maintenance access

The way to higher productivity

KOMTRAX™ uses the latest wireless monitoring technology. Compatible on PC, smartphone or tablet, it delivers insightful and cost saving information about your fleet and equipment, and offers a wealth of information to facilitate peak machine performance. By creating a tightly integrated web of support it allows proactive and preventive maintenance and helps to efficiently run a business.

Knowledge

You get quick answers to basic and critical questions about your machines – what they're doing, when they did it, where they're located, how they can be used more efficiently, and when they need to be serviced. Performance data is relayed by wireless communication technology (Satellite, GPRS or 3G depending on model) from the machine to a computer and to the local Komatsu distributor – who's readily available for expert analysis and feedback.

Power

The detailed information that KOMTRAX™ puts at your fingertips 24 hours a day, 7 days a week gives the power to make better daily and long-term strategic decisions – at no extra cost. Problems can be anticipated, maintenance schedules customised, downtime minimised and machines kept where they belong: working on the jobsite.

Convenience

KOMTRAX™ enables convenient fleet management on the web, wherever you are. Data is analysed and packaged specifically for effortless and intuitive viewing in maps, lists, graphs and charts. You can foresee eventual maintenance issues and required spare parts, and troubleshoot a problem before Komatsu technicians arrive on site.

Specifications

ENGINE

Model	Komatsu SAA4D95LWE-6
Engine power	
at rated engine speed	2.200 rpm
ISO 14396	52,0 kW/69,7 HP
Max. torque/engine speed	266 Nm/1.600 rpm
No. of cylinders	4
Bore × stroke	95 × 115 mm
Displacement	3,3 l
Injection system	Direct injection
Electrical system	12 V
Battery	100 Ah
Alternator	120 A
Air filter type	Dry air filter with pre-filter and safety cartridge

TRANSMISSION

Drive system	Hydrostatic transmission, switchable in all directions under full power
Hydrostatic pump	1 variable piston pump
Hydrostatic motor	1 variable piston motor
Speed ranges (forwards/backwards)	2/2
Travel speeds (forwards/backwards) 20 km/h version	
1. speed range	0 - 4,5 km/h
2. speed range	0 - 20 km/h
Travel speeds (forwards/backwards) 30 km/h version	
1. speed range	0 - 8,5 km/h
2. speed range	0 - 30 km/h

CHASSIS AND TYRES

Type	Low build rear axle oscillation for optimum stability and for best performance in earthmoving applications
System	4-wheel drive
Axles	Planetary rigid axles with automatic limited slip differentials in both axles 100% locking differentials as option
Oscillation	Rear axle oscillation for optimum stability, oscillation angle 10°
Tyres	405/70 R18 (standard)

SERVICE REFILL CAPACITIES

Cooling system	14,5 l
Fuel tank	130 l
Engine oil	11,5 l
Hydraulic system	50 l
Front axle	9,4 l
Rear axle	9,4 l
Transfer box	1,3 l

BRAKES

Operating brakes	Combined inch brake pedal actuates maintenance free wet-disc type brakes in the front axle. Self-braking via the hydrostatic drive.
Parking brake	Dry disc

HYDRAULIC SYSTEM

System	Open hydraulic system
Working pressure	270 bar
Circulating capacity of the hydraulic pump	64 l/min
No. of boom/bucket cylinders	2/1
Type	Double-action
Bore diameter × stroke	
Boom cylinder	70 × 658 mm
Bucket cylinder	90 × 450 mm
Hydraulic control lever	Multifunction lever
Kinematic	Z-Kinematic with highest breakout force. Parallel movement when using dedicated fork tines.
Hydraulic cycle with rated load bucket filling	
Raise time	4,9 s
Lowering time (empty)	2,8 s
Dumping time	1,0 s

STEERING SYSTEM

System	Articulated frame steering
Type	Hydrostatic
Steering angle to either side	42°
Steering pump	Gear pump
Working pressure	185 bar
No. of steering cylinders	1
Type	Double-action
Bore diameter × stroke	70 × 378 mm
Smallest turn (outer edge of the tyre 405/70 R18)	3.875 mm

CABIN

Cabin in conformity with ISO 3471 with ROPS (roll over protective structure) in conformity with SAE J1040c and FOPS (falling object protective structure) in conformity with ISO 3449. The pressurised cabin is mounted upon hydrobearings and is noise dampened. Tilttable for best servicing access.

ENVIRONMENT

Engine emissions	Fully complies with EU Stage IIIB emission regulations
Noise levels	Noise levels (external/internal) fully comply with 2000/14/EC Stage 2 and 98/37/EC
Vibration levels (EN 12096:1997)	
Hand/arm	≤ 2,5 m/s ² (uncertainty K = 0,75 m/s ²)
Body	≤ 0,5 m/s ² (uncertainty K = 0,53 m/s ²)
Contains fluorinated greenhouse gas HFC-134a (GWP 1430).	
Quantity of gas 1,2 kg, CO ₂ equivalent 1,72 t.

Wheel Loader

WA80M-7

Standard and Optional Equipment

ENGINE

Komatsu SAA4D95LWE-6 turbocharged common rail direct injection diesel engine	●
EU Stage IIIB compliant	●
Alternator 120 A/12 V	●
Starter motor 2,2 kW/12 V	●
Battery 100 Ah/12 V	●

TRANSMISSION AND BRAKES

Combined inch/brake pedal	●
Creeping function	○
20 km/h limited hydrostatic driveline	○
30 km/h limited hydrostatic driveline	○

CHASSIS AND TYRES

Heavy-duty axles	●
LSD-differential front and rear	●
100% manual locking differentials front and rear	○
Various tyre types and sizes on request	○

HYDRAULIC SYSTEM

3-spool main control valve	●
Multifunction lever	●
Hydraulic quick-coupler	●
Loader control with return-to-dig	○
Auto-inch valve	○
Biodegradable oil for hydraulic system	○

SERVICE AND MAINTENANCE

KOMTRAX™ – Komatsu wireless monitoring system	●
Tool-set	●
Wide core radiator with swing-out hydrostat-driven radiator fan	●
Air cleaner system with cyclone pre-cleaner	●
Radiator fan with reversing function	○

CABIN

Spacious double door driver's cab to DIN/ISO with heating	●
Tilting cab	●
ROPS/FOPS frame according to SAE	●
All-round tinted glazing	●
Heated rear window	●
Rear window wiper	●
Sun visor	●
Adjustable steering column	●
Suspended seat	●
Seat belt (EU standard)	●
Adjustable wrist rest with integrated small storage box	●
Large storage box at left hand side	●
Instrument panel with gauges for speed, coolant temperature, fuel level, air filter warning light etc.	●
12 Volt power supply	●
Front window wiper with intermittent feature	●
Adjustable high comfort seat	○
Air conditioning	○
Radio	○
Sun reflection decal for cab/canopy roof	○

SAFETY EQUIPMENT

Emergency steering system	●
Back-up alarm	●
Horn	●
Emergency engine stop switch	●
Seat belt caution indicator	●
Battery main switch	●
Beacon light	○
Immobiliser	○
Immobiliser with master key	○
Anti-drop valve	○
Fire extinguisher	○

OTHER EQUIPMENT

Z-bar boom (parallel movement when using dedicated fork tines)	●
Counterweight	●
Towing device	●
Electronically controlled suspension system load stabilizer (ECSS)	○
Special custom colour	○
Bucket level indicator	○

LIGHTING SYSTEM

Halogen headlights	●
Reversing lights	●
Additional lights front and rear	○
LED headlights, halogen rear lights	○

ATTACHMENTS

Bucket with or without teeth	○
4-in-1 bucket	○
Light material buckets	○
Fork carrier and tines	○
Cutting edge guard	○

Further work equipment, accessories and special application arrangements on request

All buckets and attachments quick-coupler mounted

Other attachments on request

- standard equipment
- optional equipment
